Platinum Membership

A. COVERAGE OVERVIEW

Systems and components mentioned as "Covered" in the terms and conditions of this membership will be included for coverage so long as the systems and components meet the following criteria:

1. Your membership term (the dates that your membership is in effect), your membership fee, your Diagnostic Fee, and your equipment, systems, and appliances covered under this membership, are set forth in your coverage details. The first 30 days following the purchase date (the date upon which AFC receives initial payment) constitute the waiting period (see #5 below). Coverage becomes effective on the 31st day after the membership's purchase date and continues through the expiration date shown on the Declaration Page. Any service request(s) placed after the expiration date listed on the declaration page will be denied unless the membership has been renewed prior to the expiration date.
2. All covered items must have been in good working order upon the effective date of the membership. "Mechanical failure" occurs when a covered item becomes inoperable and unable to perform its designed function, subject to the limitations and conditions set forth herein. Current systems and appliances covered must be located inside the main foundation (except for pool/spa, well pump and air conditioner), and must be in proper working order on the effective date of this home warranty membership. They must have been maintained as specified by manufacturer's requirements and recommendations. They must have been properly sized and installed to meet federal, state, and local regulations as well as manufacturer specifications and industry codes and standards. Known or unknown pre-existing conditions are not covered. This coverage is for one appliance/system unless otherwise stated below.
3. This membership covers single-family homes (including manufactured homes), new construction homes, condominiums, townhomes, and mobile homes under 5,000 square feet, unless the appropriate fee is applied and paid. Coverage is for occupied property that is owned or rented, not commercial property or premises converted into a business. This membership describes the basic coverage and options available. Coverage is subject to limitations and conditions specified in this membership. Please read your membership carefully.
4. The current systems and units in your home all have different life expectancy, and your membership is designed to help them reach their life expectancy. Your membership aims to provide

some protection for out-of-pocket repair expenses. Coverage is not all-inclusive, and there may be situations in which you (the homeowner) will need to pay additional costs for parts or services not covered by the membership plan.

5. Unless you are a renewing Member, you will have a 30-day review period from the date of purchase. During this time, no service requests can be accepted, nor will any failures that occur during this time or prior to purchase of the membership be covered. During this time, it is the Member's responsibility to review the Declaration Page and make sure all information is correct. It is the Member's responsibility to inform AFC if documentation is not received within 7-10 business days. AFC will not be held responsible for the Member's failure to notify AFC of unreceived paperwork. If the Member does not notify AFC to resend the membership packet, all guidelines will be held to the version published online at afchomeclub.com. To make changes to an account, please call 1-866-242-0629.

B. SERVICE REQUESTS

SHOULD YOU NEED SERVICE, PLEASE READ YOUR COVERAGE CAREFULLY AND SUBMIT YOUR REQUEST THROUGH www.afchomeclub.com OR BY CALLING 770-973-2400.

1. The Member or authorized persons must notify AFC of any breakdown immediately upon discovery, which must occur during the membership term. AFC will accept service requests online 24 hours a day and 7 days a week. Throughout the service effort, AFC urges Members to take reasonable measures to prevent secondary damage (ex. turning off water to the home in the case of a major leak, discontinuing use of faulty items once breakdown is noticed, calling emergency services if necessary, etc.)
2. Upon request for service, AFC will initiate service within twenty-four (24) hours. Once a technician agrees to visit the home for service, Members will receive their contact information via phone, SMS text message, and/or email. In some circumstances, it may take more than forty-eight (48) hours for a technician to accept the request.

AFC is not an emergency service and will be closed on nationally recognized holidays, resulting in delayed service request assignments. If you experience an emergency and AFC is unavailable, please take all reasonable measures to ensure the safety of your home and its occupants. Members who request AFC to perform non-emergency service outside of normal business hours will be responsible for payment of any additional fees and/or overtime charges and trip fees.

- 2.1 The Member will be responsible for the Diagnostic Fee (sometimes called a service fee), which is listed on the membership Declaration Page. The Diagnostic Fee applies to each item inspected by an AFC-approved technician and is payable directly to AFC or the technician.
3. AFC has the sole and absolute right to select the technician to perform the service. AFC will not reimburse for services performed without prior approval and service-request-number verification.
- 3.1 All members have the option to obtain their own technician. Your request for service must be submitted to AFC via phone call or online. At this time, you will have the option to "request to use own technician." All service requests must be approved prior to

approving the repair. All approved technicians are required to be licensed and insured.

3.2 All repairs approved and paid by AFC are guaranteed for the life of the membership term.

4. AFC requires the make, model, and serial number located on the appliance/system prior to service. In some cases, this can be found on the inspection report. If the technician is not able to locate such information or it is no longer visible, AFC will not accept a request on said appliance or system. It will not be a covered item.

4.1 Some appliance/system brands require "factory-certified technicians;" in these cases, AFC cannot be held liable for possible delays in service or diagnosis.

4. Electronic or computerized energy management systems, lighting and appliance management systems, or solar components and equipment are not covered.

AFC is not liable for any failure to obtain timely service due to conditions beyond its control, including, but not limited to, labor difficulties or delays in obtaining parts or equipment.
6. If the membership is financed and the service request exceeds the total amount currently paid, the Member must pay the remaining balance before repairs can proceed. If monthly payments for the membership are past due, the Member will be subject to a \$10.00 late fee. If the membership is cancelled, the Member is responsible for the total amount of claims paid by AFC, and this amount will be deducted from any refund.

MAINTENANCE

1. AFC is not liable for normal or routine maintenance or failure to perform normal or routine maintenance. Before accepting a service request on a HVAC system or tankless water heater, AFC requires a prior annual maintenance record from a licensed technician (often called a “check-up”) showing no suggested or required repairs. Annual is defined as occurring within 12 calendar months of the service request. In order to receive service on the HVAC or tankless water heater unit when a failure is discovered during annual maintenance, the Member must provide a previous maintenance record from within the last 12 months that shows no suggested or required repairs.
2. AFC is not liable for repairs caused by misuse, abuse, or failure to maintain manufacturer’s specified maintenance for items such as, but not limited to: coil cleaning, filtration changes, water heater flushing, consumable component replacement, proper refrigerant levels, or lubrication. For plans purchased through a real estate transaction, coverage becomes effective on the day specified on your declaration page and continues through the elected date shown, though limitations and conditions apply:

RE-KEY SERVICE: AFC will reimburse up to \$150.00 for Re-Keying or lock change services. A paid receipt must be submitted prior to expiration of the membership.

2. If a home inspection was not performed on the residence prior to purchase, coverage will be 30 days after the purchase date on the declaration page.
3. To waive the initial 30-day waiting period, the Member must provide an inspection report to AFC. This report must reflect that the items included in the coverage were inspected and are in good working condition, with no further recommendations, inspections, or repairs by a separate technician suggested for the coverage to apply. No pre-existing conditions will be accepted.
4. In the event a claim is filed within the first 30 days of coverage, the maximum payout will be \$150.00 on covered items. After this period, normal limits will apply.

ACCESS AND CLOSING

1. AFC is not responsible for providing access to or closing access from any covered item which is concrete-encased or otherwise obstructed or inaccessible.

2. AFC shall not be responsible for payment of the cost to remove and replace any built-in appliances, cabinets, floor coverings, or other obstructions impeding access to walls, ceilings, and/or floors.

1. Members may be charged an additional fee by the technician to dispose of an old appliance, system, or component, including but not limited to the following items: condensing units, evaporator coils, compressors, capacitors, refrigerators, freezers, water heaters, and any system or appliance which contains dangerous or hazardous materials.

DETERMINING VALUE OF SYSTEMS OR APPLIANCES

1. Appliances and systems, being mechanical, lose value as they age, and the cost of repair may exceed the value of the system or appliance. In these cases, the following guidelines will be implemented to provide a replacement allowance:
 - AFC reserves the right to offer a cash buyout in lieu of repair or replacement in the amount of AFC's actual cost (which at times may be less than retail) to repair or replace any covered system, component, or appliance. All items in the home begin to apply to the depreciation schedule at 5 years of age. Members have the right to request a copy of the depreciation schedule at any time during the membership term or during the 30-day waiting period. Members may also review the sample value of their equipment at <https://www.claimspages.com/tools/depreciation/>
 - AFC's responsibility for repairs and/or replacement will never exceed the fair market value of the unit, in total, per the depreciation schedule. If the current fair market value of the unit exceeds the maximum payout limit per the coverage listed above, AFC will not allocate more than the specified limit per item, per membership.
 - If the cost of repair exceeds the current value of the unit per the depreciation schedule, AFC has the right to offer the remaining value to the member in a cash buyout option, instead of performing the repair.
 - Cash in lieu must be confirmed by the Member within the membership term for funds to be released.
2. AFC is not responsible for upgrades, components, parts, or equipment required due to the incompatibility of the existing equipment with the replacement system, appliance, component, or part thereof as well as new types of chemical or material utilized to run the replacement equipment including, but not limited to, differences in technology, refrigerant requirements, or efficiency as mandated by federal, state, or local governments. If parts are no longer available, AFC will offer cash payment in the amount of the average cost of both parts and labor of the covered repair. When parts are available, AFC will pay for covered parts in addition to the average labor costs for the Member's area. AFC reserves the right to locate parts at any time. For the membership term, AFC is not liable for replacement of entire systems or appliances due to obsolete, discontinued, or unavailable parts. However, AFC will provide reimbursement for the costs of those parts determined by reasonable allowance for the fair value of like parts. AFC reserves the

right to rebuild a part or component or replace with a rebuilt part or component.

COMMERCIAL AND PROFESSIONAL GRADE EQUIPMENT

1. AFC is not liable for the repair or replacement of equipment, systems, or appliances that are commercial grade.

AFC RIGHTS

1. A service technician will not be assigned when the coverage for the given item is limited to \$250.00 or less. In these instances, AFC may offer a buyout for the covered amount.
2. AFC reserves the right to obtain a second opinion at its own expense. Members have the right to receive a second opinion at their own expense via a licensed technician of their choosing. If the Member does not agree with the first technical assessment, the Member may submit his/her new technician's assessment in writing directly to AFC for review.
3. **Manufacturer's warranty, recall, or defects:** If a failure arises on any unit that has been recalled, is defective, or is under warranty per the manufacturer, the Member is responsible for service. A manufacturer warranty is a guarantee that the manufacturer will stand behind the unit they produced. They must represent and claim the repair/replacement. Once the manufacturer warranty expires, AFC is able to cover this unit. AFC will not be held responsible for any costs of parts or labor associated with a manufacturer warranty; all manufacturer-covered repairs will go through the manufacturer's service process. In this case, the product manufacturer must be contacted for service.
4. AFC will not pay for repairs or replacement of any covered systems or appliances that are inoperable because of known or unknown pre-existing conditions, long-term failures, deficiencies and/or defects.
5. AFC is not liable for negligence or other conduct of the technician, nor is AFC an insurer of technician's performance. By entering an AFC membership, the Member agrees that AFC is not liable for consequential, incidental, indirect, secondary, or punitive damages. The member expressly waives the right to all such damages. The Member's sole remedy under this Agreement is recovery of the cost of the required repair or replacement, whichever is less. The Member further agrees that in no event will AFC's liability exceed \$3,000.00 per membership item for access, diagnosis, and repair or replacement, unless otherwise stated by AFC.
6. If AFC approves the Member to obtain their own licensed technician, please be aware:
 - AFC will not reimburse any Member for work done by an unlicensed technician.
 - AFC will not be held responsible for any failure or secondary damage caused by a system or appliance that was repaired or replaced by an unlicensed technician.
 - The Member waives all rights to service on the appliance or system that was repaired or replaced by an unlicensed technician.
 - If a technician charges a Diagnostic Fee that is greater than the amount stipulated on the Member's

Declaration page, AFC will pay up to \$40.00 of the additional expense.

7. AFC is not responsible for repairs related to inadequacy, lack of capacity, improper installation, mismatched systems, oversized or undersized equipment, or any modification to the system or appliance.
8. AFC reserves the right to send a technician at any time. Sending a technician in no way constitutes responsibility of service from AFC.
9. Unless otherwise stated, the aggregated total AFC will pay per membership term is \$50,000.00.

ARBITRATION AGREEMENT

By agreeing to the Terms, you and AFC agree that all disputes, claims, or controversies between us, or between you and other users, or in any way arising out of relating to this agreement shall be resolved on an individual basis in binding arbitration, as set forth below. By agreeing to arbitrate, you and AFC are each waiving the right to go to court. By agreeing to arbitrate, you and AFC are also agreeing that arbitration will be conducted only on an individual basis, and you and AFC are each waiving the right to bring, to participate in, or to recover relief through any class, collective, coordinated, consolidated, or representative proceedings or any other kind of group, multi-plaintiff, joint, or mass action.

You expressly waive the ability to request more than the cost of equipment and any recovery shall not exceed the cost of the replacement equipment within your home. You and AFC agree that any dispute, claim or controversy between you and AFC; or (ii) between you and other users ; or (iii) arising out of or relating to this membership in any way; or (iv) involving the existence, formation, breach, termination, enforcement, interpretation, validity, or scope of this agreement to arbitrate, shall be settled by binding arbitration administered by FairClaims (www.FairClaims.com) and not by a court or jury, in accordance with FairClaims' applicable arbitration rules and procedures effective at the time a claim is made. These rules and procedures are available at www.FairClaims.com. You further agree that judgment on the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof. You consent to electronic service of process, with service to be made to the email address we have on record for your account.

You and AFC agree that if one party refuses to comply with an arbitrator's award and the other party obtains judicial confirmation or enforcement of the arbitrator's award, then the party that refused to comply shall pay the other party the costs, attorney's fees, court fees, and any other fees incurred in obtaining such confirmation or enforcement. Notwithstanding any choice of law or other provision in this membership you and AFC agree and acknowledge that this arbitration agreement evidences a transaction involving interstate commerce and that the Federal Arbitration Act, 9 U.S.C. § 1 et seq. ("FAA"), will govern its interpretation and enforcement and proceedings pursuant thereto. You and AFC agree that the FAA and the arbitration rules of FairClaims shall preempt all state laws to the fullest extent permitted by law.

CLASS ACTION WAIVER

By agreeing to arbitrate, you and AFC are also agreeing that arbitration will be conducted only on an individual basis, and you

and AFC are each waiving the right to bring, to participate in, or to recover relief through any class, collective, coordinated, consolidated, or representative proceedings or any other kind of group, multi-plaintiff, joint, or mass action.

You acknowledge and agree that you and AFC are each waiving the right to a trial by jury or to participate as a plaintiff or class member in any purported class action or representative proceeding. Unless both you and AFC otherwise agree in writing, any arbitration will be conducted only on an individual basis and not in a class, collective, consolidated, or representative proceeding. However, you and AFC each retain the right to seek injunctive or other equitable relief in a court of competent jurisdiction to prevent the actual or threatened infringement, misappropriation or violation of a party's copyrights, trademarks, trade secrets, patents or other intellectual property rights. You agree that any and all communications and evidence related to any dispute ultimately resolved by arbitration or mediation with FairClaims arising out of or relating to this membership agreement shall be held and will remain confidential, and that you will not take any action that will harm the reputation of any of the other parties to the arbitration or mediation or AFC, or which would reasonably be expected to lead to unwanted or unfavorable publicity to and of the parties, AFC or other entities involved in or incidental to the arbitration or mediation. You understand that those parties and entities include but are not limited to the claimant, respondent, witnesses, and AFC.

GOVERNING LAW

This Agreement shall be Governed by and construed in accordance with the Law of the State of Georgia, without regard to its conflicts of Law Rules.

(C) Except as otherwise provided in this section, common systems and appliances are excluded.

TRANSFER OF MEMBERSHIP & RENEWALS

(A) If the covered property is sold during the term of this membership, the Member must notify AFC of the change in ownership and submit the name of the new Owner by filling out a transfer request form to transfer coverage to the new Owner.
(B) The Member may transfer this membership to a new Owner at any time. There is a \$50.00 fee to transfer membership. Once the transfer is confirmed, the new Member will be subject to the most current updated terms, which will be sent to the new Member and will reflect with their membership number. Any monetary amount used of the limits by the prior Owner will apply to the new Owner of the property.
(C) This membership may be renewed at the option of AFC and where permitted by state law. AFC has the sole discretion to decide whether membership will be renewed.
(D) All membership terms are renewed automatically 30 days prior to the membership expiration date unless cancelled before that period by AFC or the Member. Payment information provided initially will be used for all renewals unless the Member provides new information prior to payment date. Coverage ends in the event of non-payment. Renewed memberships do not feature a 30-day, 100% money-back-guarantee review period, nor do they feature a waiting period.
(E) If a system or appliance was subject to the Cash Buyout option during the current membership, AFC will not include coverage on the same item upon renewal. If the Member purchased a new item after the Cash Buyout was concluded, AFC will include coverage for the renewal term, i.e. 1-3 years, as long as the receipt has been submitted and confirmed.
